

«PHARMACEUTICAL TECHNOLOGIES and PACKAGING»

www.medbusiness.ru, medbus@mail.ru

Magazine “Pharmaceutical technologies and packaging” – the magazine of pharmaceutical industry in Russia – 6 issues in a year, Moscow, Russia

The magazine is distributed at the professional meetings, exhibitions and work-shops on GMP in Russia, Belorussia, Ukraine, Uzbekistan, Kazakhstan, Georgia, Armenia, Baltic States.

The magazine has been issued since 1993. The circulation is 5000.

We participate in many foreign pharmaceutical exhibitions - “Interpack”, Duesseldorf; “Achema”, Frankfurt, “Technopharm”, Nuremberg, “Pharmintech”, Bologna, Italy; “CPhI”, Frankfurt, Paris, Madrid and we are looking for companies which want to collaborate with Russian pharmaceutical plants.

If Russian pharmaceutical market is interesting for you and you want to know everything about Russian pharmaceutical manufacturers, acquire our base on CD-disk – “Russian pharmaceutical manufacturer’s address base” (it consists of 650 addresses with organization’s name, director’s, technologist’s, quality service’s of pharmaceutical manufacturer full name, tel, e-mail, website). The price for it is 3000 EUR. You will get it as a present if you conclude a contract for publications in our magazine in 2017.
